What do we love about this cruise? After years of cruising, I think the best itinerary is one where you enjoy the first day at sea, getting your sea legs. You learn your way around the ship and you decompress! I also love the last day being a day at sea so you can enjoy the last day of the voyage with the people you have met on the cruise ship. There are a limited number of Cabins I have held so act fast if you want to get out of the snow! **Call me at 801-859-3854 to reserve your cabin.**
